## EXCLUSIVE PROGRAM FOR MEMBERS OF THE MESQUITE CHAMBER OF COMMERCE

The Mesquite Chamber of Commerce is always looking for ways to improve and bring benefit to our members. We are proud to announce our exclusive endorsement of National Healthcare Access (NHA) as the agency to provide our NEW health insurance program for our members. In working with NHA over the past few months, we feel that we have found a health insurance plan that can truly benefit our members. NHA will be reaching out to all of our members to introduce themselves and the new plan over the next 30 days. NHA will also be holding an information seminar for our members at a date to be announced. Please find NHA's contact information on the right if you are interested or have any questions for them. We sincerely hope that you will find this as another benefit of your Mesquite Chamber of Commerce membership and share this information with others that could benefit.
